

Steve,

Saw your reply and thank you.. Having someone in your position demonstrate that level of integrity
And setting facts straight commands respect. I would like to see another manufacture come out
And speak up. Not happening.

Funny thing is, My order with you (Kronos & Leviathan) is not even out the door yet and I am
Very much looking forward to the end product, even more now.

Also, you gave me some advice awhile back on home audio, the Halo 2.1 and all I have to say
Is THANKS.. I own one now, and though it was used, it is the nicest piece of audio gear
I have owned and sounds clean and amazing.

There are the people who will never be happy with anything.. O well.. too bad for them..
